

Audience in Australia

I come from Queensland, Australia. I (23) was at a normal beach with my then Girlfriend Gail (25). We had been for a swim and it was about 3.30pm. She was wearing a very small bikini and I was wearing a g string. We came from the water and were walking back to our towels. I saw only three girls about 18 years laying topless on the beach about thirty metres from our towels.

All the other people had left the beach as the wind picked up a little. I saw the tender breasts on these girls as they sat and talked. They were looking out to the ocean. I then began to feel the swelling in my cock. I said to Gail "Lets have some fun with these girls. She smiled as she is a bigger show off than me. I then lay on my towel and watched Gail as she took off her top and slowly rubbed oil into her perfect tits. My g string was ready to burst with my cock which needed some handy work. Gail then still standing bent over in the direction of the girls and took off her bikini bottom. She then began to rub the oil into to her great arse. I then stood up and took off my g string. I lay back down and slowly began to stroke my cock with my right hand and some oil. Like the majority of Australians of my age, my cock was neatly circumcised with a massive rounded knob showing a wide wet slit at its tip. Gail then lay back down on her towel and began to rub her clit with her index finger as she watched me slowly stroking the purple head of my cut cock. We both kept looking over at the girls but they appeared to be taking no notice of us. I said to Gail "Fuck this I want them to see me cum". I then stood up and walked over to the girls and said "Excuse me, they appeared to be shocked and turned around and looked in my direction, then their eyes dropped to look at my fully erect throbbing cock staring back at them. I said "I'm sorry if I startled you but I hope you don't mind me and my girlfriend being nude, I didn't think it would worry you as you are topless. One of the girls looked very embarrassed and said "No, picking up her top and putting it back on very hurriedly and then walking away, I was just going anyway". The other two girls then began to laugh. All I wanted to do was to blow my load then and there. One of the girls then said "We have been watching you for the last fifteen minutes. She's been admiring your big circumcised weapon. Now she's that horny she is going back to the room to fuck the vibrator. With that I began to feel very excited. The second girl then said "We have never seen a man masturbate in real life. I said "I love to wank for a crowd. Would you like to come over to where my girlfriend is and watch? They agreed and the three of us walked very quickly back to our towels. I then told my girlfriend what happened. She lay on her back and began to rub her clit even harder. I knelt next to my girlfriend and began to stroke my cock as fast as I could. By this time the girls had taken off their bikini bottoms and were also masturbating and cheering me on. "Cum on her tits, blow all over her" they

shouted. This drove me to the end. I came in gallons. I blew a huge wad all over my girlfriend's stomach and tits. The second stream of hot spunk landed on the sand and the third on her arm. To my surprise one of the girls had been taking photographs. She laughed and said "Cum to our room tomorrow and you can have the negatives". Gail and I smiled at each other.

That girlfriend Gail is now my wife.
